

Horizon Infotek

Training + Live Projects + Company Experience = 100% Placement

Why Us?

- Horizon Infotek is IT training and development center started in the year 2006 with small IT projects and diversified into various software services.
- We achieved success in various software technologies and were popularly known as "Software Training and Development Company" as we hire fresher's and put them on live projects.
- Training through experience consultant on live projects.

A person wearing a white button-down shirt is shown from the chest down, pointing their right index finger towards the right side of the frame. The background is slightly blurred, suggesting an office or training environment.
